Phone: +212 713 424099

Frontend Developer with 1 year of experience in React, Next.js, JavaScript, and TypeScript, specializing in building responsive, high-performance web applications. Skilled in optimizing workflows, enhancing user engagement, and delivering scalable, user-focused solutions using tools like Tailwind CSS and Redux.

EDUCATION

University diploma of technology in computer engineering High School of Technology Agadir, Morocco	2022 – 2024
Baccalaureate in mathematics science Aljoulane High School Biougra, Morocco	2019 - 2022

PROFESSIONAL EXPERIENCES

Frontend Developer End of Studies Internship Driven School <ul style="list-style-type: none">Developed an attendance tracking web app using React and Redux that improved tracking efficiency by 40% through optimized data flow and user interface.Collaborated with project managers and designers to define requirements, ensuring alignment with user needs and creating an intuitive app experience.Drafted a comprehensive functional design document, streamlining development workflows and enhancing team alignment on project specifications.Executed end-to-end development using Laravel and MySQL, achieving all project milestones within the timeline and improving backend response time by 30%.Led integration and end-to-end testing efforts, identifying and resolving 100+ issues to ensure high code quality and seamless user experience.	April 2024 - June 2024
Odoo Developer Internship LeanSoft <ul style="list-style-type: none">Co-developed a red fruit farm management system using Odoo, enabling real-time monitoring and increasing operational efficiency by 20%.Used project management tools to monitor daily progress, proactively addressing bottlenecks and maintaining adherence to timelines.Conducted thorough code reviews and provided constructive feedback, elevating overall code quality and fostering a culture of continuous improvement within the team.	July 2023 - August 2023

SKILLS AND LANGUAGES

Programming Languages

HTML, CSS, JavaScript, TypeScript

Frontend Development

React, Next.js, Tailwind CSS, Bootstrap, Sass, Redux, Cypress

Others

Git, GitHub CI/CD

Technical proficiencies

Frontend Development, Responsive Web Design, Create & Apply Ideas & Solutions, Web Programming Skills

Languages

Arabic (Maternal), English (Fluent), French (Fluent)

PROJECTS

Booking App - Next.js, Tailwind CSS, Appwrite

Developed a real-time room booking platform, enhancing user engagement by 35% and reducing booking errors by 20% through optimized workflows and intuitive UI design.

Advanced Notes Taking - React, TS, Bootstrap

Engineered a markdown-enabled notes management platform, improving user retention rates by 40% based on user feedback and satisfaction scores.

Image Gallery - React, Tailwind CSS

Created an innovative image search feature allowing quick retrieval by title or name, increasing user efficiency by 30% and enhancing satisfaction through usability improvements.

Food Recipe - React, Tailwind CSS

Designed a food recipe discovery platform that boosted daily active users by 25% and improved recipe search speeds by 40% with optimized algorithms and responsive design.

Images Compression - JS, CSS

Developed an image compression tool akin to TinyPNG, reducing image sizes by up to 70% without quality loss, thereby improving website load speeds by 50% across compressed images.
